Please read these “General Instructions for Bidders.” This Auction sale is subject to the Terms & Conditions of Sale published on our website, www.tamarkinauctions.com, and by participating in this Auction, you agree to be bound by those Terms & Conditions of Sale.

GENERAL INSTRUCTIONS AND RULES FOR BIDDERS

These General Instructions for Bidders are NOT the Terms & Conditions of Sale. These General Instructions for Bidders accompany this sale catalogue solely as a guide to the items being exposed for sale.

BUYER'S PREMIUM

A Buyer's Premium of 19.5% of the Hammer Price will be charged for all floor, telephone, and email winning bids. The Buyer's Premium for Online Internet bidders is 23% of the Hammer Price. Any and all duties and Sales Tax, are the Buyer's responsibility. The Terms & Conditions of Sale are published on our website, www.tamarkinauctions.com, and by participating in this Auction, you agree to be bound by those Terms & Conditions of Sale.

PROPERTY CONDITION

Each lot is being exposed for sale, and will be sold, in its as is/where is condition at the time of the auction, with all faults, including any hidden defects of any nature. Unless expressly stated otherwise, property that is exposed for sale in its “as is” condition has not been modified, altered, or tested by auctioneer. Neither auctioneer nor seller makes any representations, warranties, or guarantees whatsoever, express or implied, regarding the value, source, fitness, merchantability, and/or any other aspect or characteristics of such lot. No statement anywhere, whether express or implied, including verbal statements made by auctioneer, will be deemed a warranty or representation by auctioneer or seller. Without limiting the generality of the foregoing, there are no warranties of non-infringement, authenticity, origin, merchantability, or fitness for a particular purpose, all of which are expressly disclaimed. There is no return privilege, all sales are final. We have sought to provide a useful, general guide to the condition of each Lot in our catalogue. We have also attempted to describe any damage or restoration, but our descriptions cannot be accepted as definitive and complete. The absence of any reference to defects does not imply that a Lot is free from defects nor does any reference to particular defects imply the absence of other defects. Such information is given for guidance only and the condition of any Lot, and the nature and extent of any damage or restoration, should be confirmed by your examination prior to the sale. There is no return privilege, and all sales are final.

In terms of function, common sense should prevail. While we have tried to call attention to conspicuous mechanical or optical problems, you should assume that Lots may have seen little recent use and, therefore, have not recently been cleaned, lubricated, or adjusted unless otherwise noted. This means that many Lots, especially older cameras, might have shutter speeds and/or light meters that could need adjusting, and that lenses and other optical items might require lubrication and/or cleaning. “Recently serviced” means only that the item is in working order, having been cleaned/serviced prior to – and in preparation for – this Auction. “Working” means that the basic attributes of the function of the camera operate. No warranties or claims are made to the accuracy of such statements or opinions of conditions. If you have any questions whatsoever about cosmetic or functional condition of all of these “as-is” Auction Lots, please inquire. Images and more information on all Lots are available on-line and by request. The Terms & Conditions of Sale are published on our website, www.tamarkinauctions.com, and by participating in this Auction, you agree to be bound by those Terms & Conditions of Sale.

ESTIMATES & RESERVES

The Estimate price range in our catalogue descriptions are where bidding begins and what price we expect an item may reach. These estimates exclude any Buyer's Premium, Duties, Taxes or Shipping costs. These estimates are prepared in advance of the auction sale and are subject to revision. All items in this auction sale have a reserve price, and no item in this auction sale is being exposed for sale as “absolute.”

INTERNET/ONLINE BIDDING

You can bid online, and you must register with the Internet Auction House before the day of the Auction. You may not be able to register for the auction sale on the day of the auction. Internet bidders pay a 23% Buyer's Premium. If you win a Lot, your invoice will follow within about six (6) hours. Payment is due within ten (10) days of receipt of the invoice. These General Instructions for Bidders are not the Terms & Conditions of Sale.

BIDDING BY LETTER OR E-MAIL

We are pleased to execute bids on your behalf. All mailed and emailed bids must be received by 5:00 P.M. CST on Friday, November 8, 2024. If any information on the Bid Sheet is illegible, your bids cannot be executed. The 2024 Auction Bid Sheet is available on our website, www.tamarkinauctions.com. Also available on our website is a Glossary of Auction Terms. If you win a Lot, your invoice will follow within about six (6) hours. Payment must be completed within ten (10) days of receipt of the invoice. The Terms & Conditions of Sale are published on our website, www.tamarkinauctions.com, and by participating in this Auction, you agree to be bound by those Terms & Conditions of Sale.

VIEWING

Please note the viewing schedule: All auction lots are available for your inspection prior to the sale, from October 29, 2024 until November 8, 2024 at 213 West Institute Place, in downtown Chicago, Illinois, BY APPOINTMENT ONLY. There is no viewing opportunity on the day of the Auction.

LOCAL TAXES

A 10.25% sales tax is due on all deliveries made in Illinois.

SHIPPING

You will be responsible for all shipping, freight and insurance fees and costs, including any applicable taxes and/or duties. Insured shipments within the USA are made by UPS or the U.S. Post Office, at the sole discretion of the Auctioneer. Foreign shipments are made by UPS or DHL ONLY. We do not provide FedEx shipping services in any instance.

PAYMENT

Payment must be completed within ten (10) days after the close of the auction sale. Acceptable payment may be made by cash, bank check, bank wire transfer, or credit card. (Acceptable credit cards are Visa, MasterCard, Discover Card, or American Express.) We do not accept payments by PayPal. Bank wire transfer details are available upon request. Should you win a Lot, an invoice will follow directly from Tamarkin Auctions, Inc., and/or the Internet Auction House. In many instances you can pay via the Internet Auction House; Tamarkin Auctions has no knowledge or control over how any Internet Auction House invoices winning bidders.

Please note that these General Instructions for Bidders are not the Terms & Conditions of Sale. This Auction sale is subject to the Terms & Conditions of Sale published on our website, www.tamarkinauctions.com, and by participating in this Auction, you agree to be bound by those Terms & Conditions of Sale.

399. Leica I (Model A) Nr. 822 with 50mm Elmax f3,5 lens with long-base rangefinder FODIS Nr. 2109, original lens cap, and system case ETRIN. Made in 1926, this Leica Elmax camera has many of the early features including baseplate and eyepiece, domed shutter release and take-up spool. Recovered in modern vulcanite and recently serviced. The early, low-profile advance and rewind knobs appear to have been refinished. A handsome example of a Leica Elmax camera, increasingly hard to find.

Condition: Excellent ++ overall

Estimate: \$12,500 - \$17,500

400

400. Leica 72 18x24 Nr. 357322 Midland, Ontario Half-Frame with 50mm Elmar f3,5 Red Scale Nr. 1373165. Designed for filmstrip and archival work, the half-frame Leica 72 enables the user to get 72 images from a roll of 36-exposure film. Fewer than 200 cameras were made between 1950 and 1963, making it one of the most rarely seen production screw mount Leica cameras. Based on the tried-and-true Leica IIIa, production of the Leica 72 began in Wetzlar, Germany, where 33 copies were made, and in the early 1950s production moved to Midland, where 150 cameras were produced. This camera was made toward the end of that run. A splendid camera set in gorgeous condition. Recently serviced.

Condition: Excellent ++ overall

Estimate: \$8,000 - \$12,000

401. Leica MP - 203, in silver chrome finish, with rapid winding device Leicavit MP. Made in 1957, this is a stellar example of the famous Leica MP camera. These cameras were typically used by professionals and are encountered today in well-used condition. This example shows a few bright marks here and there, mostly on the Leicavit rapid winding device, and the camera bears the factory "L" seal. The shutter crate casting number is 110838. This camera set is working, and while the frame counter functions, it does not click when turned to set. A stunning example of the Leica MP from 1957.

Condition: Excellent ++ overall
 Estimate: \$25,000 - \$50,000

401

402. Leica M4 KE-7A "Civilian" Nr. 1294906 with 50mm Elcan f2 lens Nr. 276-0467, with lens cap, box, instruction booklet and warranty documents. Made in Canada in 1972 for the United States Army and specially engraved, the KE-7A was made to withstand temperatures down to -20 degrees Fahrenheit and is sealed. The 50mm Elcan "Type 276" lens - produced for the KE-7A - was made with infrared-absorbing glass made with lanthanum, a radioactive element that helps achieve a high refractive index. Moreover, these camera sets were made with special gaskets to help withstand the concussion of a nearby explosion. These "Civilian" cameras were part of a production overrun of the military KE-7A camera, and approximately 55 were ever made - far fewer than the U.S. Army model. The original factory "C" seal is intact and the camera is working. Included are the Owner Registry cards for both camera and lens. One of the most sought-after Leica M4 sets, and a fascinating piece of Leica - and military - engineering and history.

Condition: Near Mint overall
 Estimate: \$20,000 - \$40,000
